MEMORANDUM FOR: Director of Personnel
Director of Security
Director of Medical Services

SUBJECT : Placement of Minority Applicants in the
Career Training Program

1. There is attached for your reading a proposed memorandum for the Director of Central Intelligence by Mr. Rodriguez on the above subject. The proposal in the memorandum speaks for itself but the potential problems involved are equally obvious.

2. We have decided to approach the problem in the following fashion. Would each addressee, including the Director of Training, accompanied by one officer of his choice, please meet with me in the DD/MGS Conference Room at 10:00 a.m. on Thursday, 11 April 1974. At that time we will have a round table discussion on the proposal and the inherent problems. It may be desirable, depending on the outcome of the discussion, to have your representatives form a sub-group to pursue in greater detail any issues that might arise. In any event, we look forward to a "go - no go" decision, or any modifications of the proposal, by 1 May 1974.
